

# 2023 Civic Trust Awards, Pro Tem Awards, AABC Conservation Awards and Selwyn Goldsmith Awards for Universal Design Winners

The Civic Trust Awards scheme was established in 1959 to recognise outstanding architecture, planning and design in the built environment. The Civic Trust Awards is not just about rewarding architecture or design excellence, successful projects should also exhibit strong sustainability credentials, a high level of accessible and universal design, whilst also demonstrating how the project has provided a positive civic contribution. The Civic Trust Awards is unique and is recognised as the only 360-degree awards scheme in the world that promotes:

- Excellence in architecture and design standards
- Accessible and universal design
- Positive community impact
- Sustainable design & construction
- Consultation with user groups
- Innovation
- Social and economic renewal
- Localism
- Sustainable planning
- Sensitive conservation and restoration
- Designing in context
- Variety of entries including temporary buildings and structures

Since 1959, more than 7000 domestic and international projects have been recognised by the Civic Trust Awards. These range from small community projects to larger internationally recognised buildings, bridges, infrastructure, public realm and public art. All schemes submitted for consideration are judged on their own merits. The Civic Trust Awards is widely recognised within the industry as a mark of excellence for the architectural practice, the client, the developer and all organisations involved in the projects development and delivery.

## 2023 Special Awards

Presented to schemes which demonstrate excellence in a specific field.

All projects of National/International winning standard are considered for each of the Special Awards by National Judging Panel members who determine the individual winners.

- **National Panel Special Award**

Selected by National Panel members as their favourite scheme from this year's Award-winning projects.

**The Marshall Building, London School of Economics and Political Science, Westminster, Greater London by Grafton Architects for London School of Economics and Political Science.**

- **Special Award for Sustainability**

Presented to an exemplar project, that demonstrates excellent sustainability credentials in terms of overall design parameters, material selection, construction methods and long-term energy consumption. **Sponsored by Derwent London**

**Lyth Building, Nottingham Trent University, Nottingham, East Midlands by Evans Vettori Architects for Nottingham Trent University**

- **Special Award for Reuse & Adaptation**

Presented to a scheme that would otherwise be left to decay or be demolished to address present-day needs. The scheme should benefit the community and its users, by maintaining its cultural heritage or restoring a culturally significant site, ensuring its viability for new uses and modern functions, other than those originally intended. **Sponsored by EPR Architects**

**Andermatt Concert Hall, Andermatt, Switzerland by Studio Seilern Architects for Andermatt Swiss Alps, BESIX and Orascom**

- **Special Award for Transportation & Infrastructure**

Presented to an exceptional new or upgraded major infrastructure project that has transformed the civic realm and has a demonstrable qualitative effect upon its context and environment. **Sponsored by BlueLight Management**

**Paddington Elizabeth Line Station and Woolwich Elizabeth Line Station, Greater London and by Weston Williamson + Partners for Transport for London**

- **Special Award for Community Impact & Engagement**

Presented to an exemplar project that has demonstrated how successful community engagement can help deliver the highest standards of design whilst meeting the needs of local people.

**Glade of Light, Manchester, North West by BCA Landscape for Manchester City Council**

- **Michael Middleton Special Award**

Presented as a memorial and tribute to Michael Middleton CBE, who established the Civic Trust Awards in 1959, to an outstanding restoration project or new build within a conservation area.

**The Burrell Collection, Glasgow, Scotland by John McAslan + Partners for Glasgow Life**

# 2023 Civic Trust Awards

## AWARDS
