# **2022 CIVIC TRUST AWARDS, CIVIC TRUST AABC CONSERVATION AWARDS & SELWYN GOLDSMITH AWARDS FOR UNIVERSAL DESIGN**

## **Winners Announcement**

**Monday March 7<sup>th</sup> 2022**

## INTRODUCTION

The Civic Trust Awards scheme was established in 1959 to recognise outstanding architecture, planning and design in the built environment. As the longest standing built environment awards scheme in Europe, more than 7000 projects have been rewarded and the scheme has continued in its objective to recognise projects that have made a positive contribution to the local communities they serve.

The aim of the Civic Trust Awards is to encourage the very best in architecture, to improve the built environment for us all through design, sustainability, inclusiveness and accessibility, and also to reward projects that offer a positive cultural, social, economic or environmental benefit to their local communities.

This year, from 160 entries, 45 projects have been recognised with a Civic Trust Award or been Highly Commended. Submissions were received from the UK, Belgium, Canada, Denmark, UAE, USA and Somaliland, reflecting the awards' continuing international reach.

## 2022 SPECIAL AWARDS

6 Special Awards were presented to schemes which demonstrated excellence in a specific field. All projects of National/International winning standard were considered for each of the Special Awards by National Judging Panel members who determined the individual winners.

- **National Panel Special Award** - Selected by National Panel Members as their favourite scheme from the year's Award-winning projects: **Taylor Court, Chatto Court and Wilmott Court, Frampton Park Estate by Henley Halebrown for Hackney Council.**
- **Special Award for Sustainability** - Presented to a scheme that has demonstrated excellent sustainability credentials sponsored by Derwent London: **FarmED by Timothy Tasker Architects Ltd in association with Anthony Carlile Architect for Cotswold Seeds Ltd.**
- **Special Award for Community Impact & Engagement** - Presented to a scheme that has demonstrated how successful community engagement can help deliver the highest standards of design whilst meeting the needs of local people: **New Pooley Bridge by Knight Architects for Cumbria County Council.**
- **Michael Middleton Special Award** – Presented to a restoration project or new build within a conservation area: **Wadham College by AL\_A for Wadham College.**
- **Special Award for Transportation & Infrastructure** - Presented to a scheme that provides exceptional new or upgraded major infrastructure projects that have transformed the civic realm: **Go Cycle: Kingston Cycle Hub by Sarah Wigglesworth Architects.**
- **Special Award for Reuse & Adaptation** - Presented to a scheme that would otherwise be left to decay or be demolished to address present-day needs: **Preston Bus Station by John Puttick Associates for Lancashire County Council.**
